Tarpon Spgs. Mar 5th 1891

Dear Sam:

I enclose you my report to the Chairman & Board of our sponge Co. I have submitted it to Mr. Austin & Mr. Persons at a meeting at our office yesterday. They endorsed it & the its purpose. We had a full & satisfactory talk over the business generally & they are not at all discouraged.

I send this report to you, as we arranged for, that you might first submit it to Father for any suggestions or alterations that he may make & then Mr. Herz & Mr. McElwre, with the perfected copy; that you might give them any further information on my behalf that they may ask for and you may be able to furnish.

I write Mr. Herz that you will

hand him my report and I send
him copy of minutes of meeting of
managers here.

Father has suggested & seems anxious
that I should come up, but unless
he regards it as very important I
don't feel that I should leave here
now - one of our boats may come
in any time after the middle of Mar.
& there are several things of import-
ance to be attended to during this
month, however. I shall write him
fully regarding this.

I hope that you had a pleasant
trip home & arrived safely.

Things have been going on about as
usual since you left. Mother & all
went up the River again today with
most of the party.

Your little friend Miss J. gives a
social at the Hall to-night & has
kindly invited me.

Call on Burt if you have time.

We missed you very much here at
home & it seems quite lonely of our absence
Mother sends love.

Best love too for
Everett. John -
